Recently Published History of Computing Literature

Compiled by Jeffrey R. Yost, Charles Babbage Institute, University of Minnesota

This select bibliography includes major scholarly (books, journal articles, dissertations, and theses) and popular works (books and magazine articles) of computer, software, and networking history. This is the third in a semi-annual series. It contains works from 2012 not cited in the prior installments of this publication listing (primarily works published after April 2012).

Carafano, James J. Wiki at War: Conflict in a Socially Networked World (Texas A&M University Press, 2012).
